We have selected a lab. To my knowledge this lab has never been utilized by any of the West Lake PRPs.

I will just remind everyone that the third party group that sampled the Dailey residence utilized eberline which is the same lab that the West Lake PRPs use.

I will call Ms Eaker back. Have we already received this question regarding the

lab?

I saw the number and did not answer, because it did not say EPA. Who is testing? I've heard the testing lab. has worked for Republic. I would request that a different lab. be used, so that the trust level can be restored.

Ms. Eaker – I just wanted you to know that I tried to call you this morning to notify you of the work that EPA is doing in Spanish Village this week. I believe you have already received the attached fact sheet but I am resending just in case. Typically you would have been contacted by my staff Brad Vann but he is out of the office this week on leave. Please feel free to contact me if you have questions.

Thank you,

Lynn M. Juett
